WHEN THE SUN TURNS UP THE HEAT, STOCK UP ON THIS SEASON'S **COOLEST** FINDS

TOO FACED FROZEN LOTION

This hydrating lotion packs an icy sizzle. A rush of crackling crystals delivers a golden glow while soothing aloe, hibiscus and ginseng pamper sun-scorched skin with a surge of chilly hydration. What could be better on a scalding summer day? ($22, visit sephora.com)

THE BODY DELI CUCUMBER JUICE SPRAY

The perfect beachside cooler. Keep this refreshing facial toner on ice until you're ready for a spritz. Fresh nutrients soothe sun-exposed skin; pure cucumber, organic aloe vera and kombucha tea calm, heal and nourish. ($22, visit thebodydeli.com)

on10 SCHWEPPES SPARKLING PINK GRAPEFRUIT LIP BALM

A little effervescence on the lips, and nothing on the hips. This rich ultramoisturizing lip balm with SPF 15 has all of the flavor of Schweppes Sparkling Pink Grapefruit soda but none of the calories. ($10, visit sephora.com)

e.l.f. SHINE ERASER SHEETS

These tiny sheets of mattifying magic instantly absorb oil and erase shine. Green tea extract helps retexturize to mask imperfections, and the travel pack tucks neatly in your beach bag for seaside touchups. ($1 for 50 sheets, visit eyeslipsface.com)

PHILIP KINGSLEY SWIMCAP

A sweep of this light lotion gives your hair a fighting chance against the sun's damaging rays. Its unique intensive formula protects hair from the harmful effects of sun, chlorine and salt water, so color stays true and locks stay luscious. Imagine—a cap that actually makes your hair better after wearing it. ($35, visit philipkingsley.com)

SHADES BY BARIELLE

Shake things up with Barielle's six martini-inspired nail colors and the umbrella in your piña colada won't be the only thing causing a stir. This flirty summer collection of bright oranges, barely-there opalescent pinks and hot fuchsias with enticing names like Suntini, Baretini and Bikinitini quenches your thirst for summer beauty.
