

*Grace is
a friendly and
safe environment.
We care about
our participants
and want them
to enjoy their
time with us.*

ENCOURAGING
CHOICE
INDEPENDENCE
INDIVIDUALITY
PRIVACY

86% of the elderly prefer to live at home with family and friends, but it can be difficult for caregivers to maintain an active life. **Grace Adult Day Health Care** offers an ideal alternative to caregivers by providing a daytime care environment outside the home which prevents premature placement in a nursing home. We allow both caregivers and care receivers to maintain their dignity while receiving the help they need.
