

Based in Toronto but with contributors and stories from all over the world, **NEEDS&WANTS'** Paper is a bi annual in-print series of independent content [*published by #needsandwantsstudios*] exploring the synergy between fashion, art, architecture and travel—all at once. This isn't the refuse of what we couldn't fit into our clothes, presentation, or social media. It is not what our clothes lack, but a full scope of everything else **NEEDS&WANTS'** is. Our palpable view of culture and ideas best presented on the printed page.” —Frank Carraciolo @f_i_c (editor)
