

All About Sailing

by Cara Lustik

Ahoy there! I'm Sam. I'm on a sailboat! We're going to my favorite place to swim. Come along and let's see what else is on the water!

Did you know that a sailor is anyone who works on a boat? My grandpa was a sailor – he worked for the navy. Even pirates are sailors!! Arrr!

An anchor is a big, heavy weight tied to the boat. When an anchor is dropped in the water, it makes the boat stay in one place.
