

LEGAL MOMENTUM®

The Women's Legal Defense and Education Fund

Who are the women who will make history?

As we celebrate Women's History Month, **Legal Momentum** is proud of all the ways we have been part of women's history, from litigating precedent-setting sex discrimination cases in the 1970s to writing the landmark Violence Against Women Act in the 1990s. **But our work is not done.** We're not just resting on our laurels; we're actively working day in and day out to make gender equality a reality for all women and girls in the United States. Our ongoing work includes:

- Representing women who have been victims of **campus sexual assault, online sex trafficking, and sextortion**;
- **Working successfully to change outdated laws** that don't adequately address new forms of internet-enabled violence against women;
- **Educating teens and young women** about healthy relationships and their legal rights when they are subjected to gender-based discrimination or violence at school.

The girls and young women we reach today will be the gender justice leaders of the future. But without your help, they may find their paths derailed by discrimination, bias, or violence. Please help **Legal Momentum** ensure that today's—and tomorrow's— young women and girls are empowered to make their own choices and live free of discrimination and violence, by **making a gift in support of our crucial work today.**

As federal funding for women's issues gets slashed, individual supporters like you are more important than ever. And as women across the country stand up and say "Time's Up, No More, and EnoughIsEnough," **the time for your support of our work is NOW.** Please add your voice to the chorus by **making a contribution today**—in any amount you can afford.
