

# Differential Diagnosis of Noncompliance in Glaucoma Patients: *Physical Anomalies.* 2. Pseudotorticollis prevariectasis.

(Soo"do-tor-ti-kol'is pre-var"e-ek'tah-sis): Self-induced wry-neck indicating desire to avoid eye contact while saying what is hoped to be believed but is not in fact true.

**Noncompliance—**  
it's not a disease, but it might as well be.

We can help you manage noncompliance. Contact *The Compliance Consortium*<sup>SM</sup>.
