Ballroom Dancing: It's What's For After Dinner

It's true! Ballroom dancing has waltzed out of the past and onto today's modern dance floors, and it's never been easier to learn how to get into the "swing" of things! Our instructor, Justine, brings nearly 25 years of experience to teaching you the moves that will have you stepping off the sidelines and into the spotlight at your next wedding or holiday party. Sign up now for our 6-week Level One course, beginning the first Friday in October (10/5), from 6:30-7:30 PM. It'll be the most fun you've had learning in a long time, and though we encourage bringing a partner, it's not necessary. Our Level Two class runs in conjunction, at 7:30. Call to see which class is for you, and reserve a space today to really sparkle through the holiday season!
